This is a gothic style old TV cabinet, made of pine, suitable for an Upcycling project - with a piece of flatboard at the back, it would make a really good cupboard. It is too small for a TV these days! You could put an extra shelf in or use for a drinks/games cupboard. Dimensions H 97cm x W74.2cm x D41.4cm
 Defects: It has some water marks on the top that need sanding off. One panel of the door has split, some wood glue would make this good, it can hardly be seen from the front. On the photos, I have pushed the wood so you can see it. If not touching, you can hardly tell (still needs gluing!) It's a lovely piece. If anyone wants it, I think this is a really good price for it, but will take near.
