Would you like a facial but don't fancy going to the salon, or find they are not open when you need them? Yes, then why not come to me or have a facial in the comfort and privacy of your own home? Facial treatments rejuvenate your complexion and is one of the best ways to restore your skin's natural glow. They help to get rid of dead skin cells that promote the new growth of healthy cells. Before any of my facials, I provide a skin analysis to assess the what treatments and should be used in order to be effective. The findings and observations provided will also give you a more comprehensive understanding of the possible causes of your skin concerns, and will be able to advise on a homecare regime to focus on your skin's needs. The skincare products I use for my facials are from the ARTISTRY Essentials and HYDRA-V ranges and tailored to your skin type. This range is made from purified plant extracts that help to give you the look of natural beauty that only botanicals can provide. All products are dermatologist-tested and non- comedogenic. All facials with masques include a complementary hand massage. Pamper yourself with this ultimate in relaxation . Treat your skin to a customised cleanse and tone, gentle exfoliation, steam, facial massage, penetrating masque, replenishing eye cream and intense moisturise. Pure indulgence for skin and mind.
