Delight is a nice 2-year old colt who is a black and white tobiano. She is maturing nicely, and will finish a little on the smaller side at around 13.2 to 13.3 hands. She trims, loads, grooms, ties, etc... She moves nicely, and is quite athletic.

Little Joe has the excellent conformation that the gypsy woman would seek. He has a nice short back, well sloped shoulder, and tremendous feather. His sweet head is the perfect shape for the breed, and his small ears finish off the package.

Delight is 100% pure gypsy bred from imported grandparents. She carries blood from such great horses as "The P.O.", and "Royal". She has been sired well also and is well behaved. Her registration is pending with the Gypsy Horse Registry of America. Delight will make a great smaller stallion (or gelding) for someone looking for a high quality gypsy horse for show or as a family companion. Video footage can be seen, Please only horse lover and serious enquires.
