Outstanding tuition on offer in a comfortable setting. All tuition done from tutor's home and all support material provided, all children have to have is a good attitude to learning and achievement. With proven successful pass rates in SATS , I provide guaranteed successful steps to enable your child to gain success in English in all areas. Children will use many ict supported packages to make learning fun and engaging as well as free homework online which will support and sustain learning during non-tuition times. CGP books can be provided for an additional fee however workbooks will be used alongside tuition services to ensure work is correctly pitched to plug any gaps in their provision and to rapidly progress them towards SATS targets. While I specialise in English tuition, Maths tuition is also provided particularly for children who are struggling from basic operations to mathematical reasoning. Tuition sessions are geared towards your child's learning needs. Visual learning is encouraged in Maths to give children a mastery of key concepts such as fractions, measures and problem solving with practical sessions provided to encourage reasoning skills. In English, I specialise in expert Grammar sessions and have a record of over 90% passes in this area for several years and over 80% passes in English Reading comprehension. I use up to date teaching techniques to embed spelling and grammar teaching in writing all genres expected from the new National Curriculum which is guaranteed to rapidly progress your child's confidence in creating well developed texts within school.
