Canon EOS 70D 20.2MP Digital SLR Camera with a 18-135mm STM Lens. This is a boxed camera and lens kit from Canon. The camera is in excellent condition and had little use as the shutter count is only 7,550. The lens optics are perfect with no damage, haze, or dust etc. It's nearly 4 months old and is covered under Canon warranty for another 8 months. Included: * Canon Batteries x2

- * Canon Charger
 - * Canon Strap
 - * Canon Bag
 - * Canon Instructions
 - * Canon Software
 - * 64GB memory card (high speed)
- * Original Box I will not go into details about the specification because if you are reading this then you know what you are looking at. It's a superb camera and the lens is a great 'all rounder', as it's lightweight and easy to use. I'm selling as I'm upgrading to a different camera setup. It's been priced to sell quickly and is available for collection from my home in Exeter, or insured next day delivery is also possible at no extra cost. Please get in touch via email with any questions you may have. Thanks for looking. .
