Archie is an approximately 16.1hh, 5yo, ISH gelding. Has recently been backed at Penny Sangster's yard, progressing to trotting on the lunge with a 14yo girl. He's extremely sweet and loving, really thrives from attention and human contact. Only for sale due to an incident involving an undetected hematoma, which he reacted to when sat on in June, and I've realised it has affected my confidence more than I'd realised and he's now wasted. He's been treated and scanned, and is now completely sound and comfortable. He is to go to an experienced home only! Please note he's being sold as un-backed as I am unable to sit-on and I do not want him to be stressed with strangers sitting on him so early in his education. Looking for £3000 for him including tack, rugs etc. This price does not even begin to cover what I've put into this talented horse but the price is reasonably negotiable to the right!
