For more information ring Roy on 07798584735 077985847...(click to reveal full phone number) . Our cherished Mercedes motorhome is for sale due to ill-health. First registered in 1989. Five berth. Enjoy driving the 5 cylinder diesel engine running through a four speed automatic gearbox whilst you survey the passing scenery from the comfort of the fully adjustable drivers Captains chair. The power steering and heated mirrors makes manoeuvring and reversing easy. LHD makes the European tolls easy to negotiate as you head off into the sun. The huge wrap around panoramic front windows make UK driving easy also. Once you reach your destination the end kitchen means the cook can enjoy the scenery from the large window and adjacent stable type door whilst all the cooking smells can be fan extracted and blown outside. The centre dinette means you can enjoy eating together. Extra seating can be achieved by swivelling the captains chairs, and using the day bed / settee. The three way fridge ,240 volt Mains, gas and 12 volt will keep your provisions cool and there is also room for a drop or two of wine. Lots of cupboards, drawers wardrobe, overhead lockers etc. keep everything tidy. The separate bathroom with shower & sink gives privacy for the family's ablutions and the cassette toilet means its emptied from outside keeping unpleasant smells out of the Motorhome. There are outside lockers one for the two gas bottles, toilet chemical, muddy boots etc. and one that goes under the single bed for general storage. The 3 bike rack on the rear is high enough not to interfere with the built in motorcycle rack. The tow bar means you could also tow a car on an "A" frame or trailer should you wish. Always garaged when not in use. Not much bigger on the road than a VW camper but you can stand upright in all of this one.
