- Cam belt inspection confirming its condition
- Overall condition of this vehicle is fantastic with a few marks due to age
- Vehicle has been fully valeted and polished
- Since receiving this 2008 VW Fox Direct from Insurance in August due to the high cost of dealer repair

this vehicle has been classed as not cost affective so it's passed onto us. We specialise in automotive repairs from full engine repair to full body builds for most any vehicle. We also do racing cars. We have access to all the car manuals and databases and hold all information on each vehicle allowing us to give each vehicle a detailed history report and our own engineers insight into the condition of the car. We have been a member of our own car manufacturers dealers approved garages (only if a handbook is available to a vehicle, we will look at independent work carried out. Once we have obtained all the information we then go through each vehicle in detail to confirm any work is required and then carry out this work, this will be by one of our engineers. Once all work is completed a full vehicle check along with a full service check is carried out during the final stages of completion. Only then we will approved the vehicle fit manufacture standard.

If you are requiring any information or more photo of vehicle of before and after please contact
