Rare opportunity to own a cult classic Honda CB-1 NC27(this one is rarer still,as it's a MK2)! may swap for air cooled bike up to 600cc,i.e.bandit,xj600n,ntv600,a traily,or what do you have?email me. it's in good condition mechanically and electrically. runs rides great,Loads Of Fun to ride. lots of money spent over the years.has had replacement exhaust gaskets and bolts,replacement radiator and fan,coolant,replacement clocks(actual mileage is 39360). new choke cable. new mot(until july 2017). i have all the old mot's from since i've had it,wich will also prove the mileage. always goes through the mot without problems. has a custom made carbon fibre exhaust(done by one of the previous owners)with DB Killer fitted. carbon fibre effect,black, rear indicators. tank was recently vandalized(a couple of areas had the paint chipped off). i have re sprayed these bits,so doesn't look perfect. the seat has a little repair patch on the rhs but is great otherwise. the rear/seat cowling has a piece missing just where the rectifier is(i think it was done deliberately by one of the preveous owners,to ensure better cooling/air flow for the rectifier,as they are prone to over heating on Honda's). and the rhs stay is broken off,so it droops a bit. sprockets and chain are good,tyres are good,though front tread in the centre is slowly,slowly getting

there. seals. had a new front brake caliper replacement. new front master/slave cylinders. new front brake pads. build a light alloy steel bumpers and brake disc replacement. brand new gel battery. brand new mirrors. carbons could probably do with balancing but not a problem at all. i will include the original front brake caliper(seized bleed nipple) and a brand new pair of front brake pads. this is a 25 year old bike that lives outside and by the sea,so,of course it's not showroom condition or any questions,ask away. £1,125 sold as is
