

Samsung Wireless Audio Dock Speaker with Valve Amplifier (150 GBP)

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-426494-z>

Stunning detail and control with valve amplifier, remote controlled. Play music wirelessly with Bluetooth, also stream music via Airplay and Allshare. Connect up Samsung devices and Apple devices. As the world's first dual docking system, users can enjoy their music from various smart devices such as the Samsung Galaxy and Galaxy Note, or other products such as the iPhone, iPod and iPad. Your Samsung Audio Dock includes a powerful built-in subwoofer to rock your living room. You can play songs directly from USB memory sticks. Make the most of MP3, WAV and WMA audio files with professional-grade sound. Utilising the built-in Valve Amplifier Amp, Samsung's Audio Dock is ready to change the way you listen to music. By recreating the harmonic sound elements, the Audio Dock produces a richer and warmer experience - creating a true High Fidelity sound to enjoy. 100w.

Used but in full working order and good condition. This is a superb sound.
