This BMW has been fully transformed into an AC Schnitzer R NineT. The modifications are as follows: Forged alloy wheels with a larger rear allowing the fitment of a 200mm rear tyre - adjustable clip on handle bars - heritage top yoke - headlamp with nose cone - full stainless de-cat exhaust system including valve delete - tail tidy - side mount number plate kit - adjustable rear sets - brake and clutch levers - brake and clutch fluid reservoir caps - rear brake fluid reservoir - air filter - heritage fuel tank filler cap - oil filler cap - swing arm crash protection - RAF bearing cover. All of this transforms the R NineT into a real head turning Cafe Racer. It is finished in the beautiful Laguna Seca Blue which originates from the old BMW E46 M3 and Astro Black which is a current Mini colour. Of course if this bike isn't for you all of the parts are available separately. If you already own an R NineT feel free to give us a call and we can put together a package to suit.
