Location **South East, West Sussex**

Only 6900 miles, one previous local who owned it for a number of years but did hardly any mileage. I brought it for commuting but have retired and have no requirement for it any more. It was supplied to me locally by a reputable dealer and has been fully serviced as required. This is what is called maxi scooter so is good size it is considered in reviews a very good model that is very reliable, comfortable to ride with excellent brakes and engine. Whoever buys this will not be disappointed it has served me very well and will the new owner. Any inspection
