Comfort Lining Thermoplastic Denture Adhesive EX Imagine a denture adhesive that will last up to a week with one application without adding paste adhesives that you have to apply every few hours to be able to eat your favorite foods. A denture adhesive that takes away the painful sores on your gums by adding a cushion like barrier between your gums and the dentures creating a secure comforting fit. Comfort Lining thermoplastic denture adhesive will do just that! You will enjoy wearing dentures and not experience pain. The advanced technology from our product creates a hydrologic cushion which will help with TMJ and those painful sores. The benefits of using Comfort lining thermoplastic denture adhesive No gum sores No jaw pain from TMJ or grinding the teeth No toxic chemicals No mess and less bacteria in the mouth. Our customers have had thrush and burning tongue disappear within just a week from using Comfort lining thermoplastic denture adhesive.
