This is my sons first bike, he is now 20 and is upgrading to a bigger bike.
 2 previous owners, under 6000 miles owned for 4 years.
 Complete engine rebuild just done by garage in Alresford. Also has 8 months MOT, new rear wheel bearings, new fork seals, new front and rear brake pads, new Michelin street pilot tyres - minimal wear, new battery. Will make an excellent bike for 16/17 year old, starts first time and runs really well.

 Scuffs on clutch and brake lever
 Fogging on speedo, difficult to see mileage but can see MPH
 gear shift slightly bent Front indicators are taped on due to perished rubber
