1 Male left. We have a litter of 9 beautiful white/cream golden retrievers, 7 boys, 2 girls. Ready to book for viewings. 100 pounds non-refundable deposit will secure your new family member. Mum Poppy is a beautiful cream golden retriever on her KC papers but she is almost white. Dad Alfie is a big chunky cream golden retriever. Poppy has over 25 champions in her bloodline including the fabulous Mitcharron bloodline and Alfie has over 5 in his bloodline. Poppy is 2 years 8 months old and has taken to being a mum very well. Alfie who is also our family pet is 6 years of age and his nickname is Bear because he is so soft and gentle like a cuddly teddy bear. We own both Mum and Dad who are indoor dogs. The pups have been born and will be raised in my home with myself, my husband, our 3 boys, 1 being autistic and also our grandson who visits regularly. They will be used to human interaction with lots of cuddles and being handled as well as used to everyday household noise. Pups will be KC registered with worm and flea prevention up to date, 1st injections, vet checked and micro-chipped. When pups are ready at 8 weeks to go to their new forever family they will leave with their own little bag containing: 4 weeks insurance, 2 kg bag of food, blanket, toy, training whistle, brush, puppy training pads, doggy poop bags, travel bowl and a fresh bottle of water to help them on the car ride home and get settled with their new family. Please don't hesitate to ask any questions and we are always available to contact for advice when your take your puppy.
