This has been the family car and I have had the car since 2003. It has just over 65000 genuine miles, which is low for its age. I have all the vehicles MOT certificates dating back to 2005, which support the mileage., , I have a smaller car in the household and this car was predominantly used for longer journeys, hence most miles are from motorway journeys. The car has been looked after well and is in excellent condition inside and out., , The car has been serviced at reputable garages like Sherwoods, Kwit fit, Halfords, HI Q etc.and I have bills for all repairs carried out. , , It has a current valid MOT till 28th June 2017., , A Major service was carried out in May 2015 and interim service in June 2016., , Front spring, shock absorbers and two front tyres were replaced at 61000 miles., , Full paperwork is available for all repairs carried out., , The car has lot of extras and following are few to mention., , Auto dimming rear view mirror, Heated and electrically adjusted wing mirrors, Remote central locking, power steering, Rain sensor wipers, Remote key operating front windows, Illuminated front and back doors., 4 way adjustable driver seat., Driver and passenger Lumber support, Curtain airbags., Air con, cd player, power steering, quick clear windshield, , It is recommended to see the car in person to fully appreciate it. First person to view will buy it., 3 owners, Next MOT due 27/06/2017
