The Barcelona Hot Tub exclusive to ARDEN SPAS incorporates 2 loungers and in addition 3 seats allowing seating up to 5 adults. It also comes with multi-coloured LED lighting around the water level and underwater lighting in the foot well. All ARDEN SPAS hot tubs come with a sealed base as standard which is integral part of the hot tubs support structure. It is important to insulate your hot tubs as without proper insulation a lot of valuable and expensive energy you use to heat the water will be lost through the hot tub body. Our hot tub uses insulating foam to keep warmth of hot tub.
