

Sensor valves for winter tyres

Location **South West, Isle Of Wight**
<https://www.freeadsz.co.uk/x-440990-z>

We at Hometyre can clone a second set of TPMS (sensor valves) to fit your winter wheels if you have a second set. This means your cars ECU will pick up the signal and give you a pressure reading. Any car registered from 2014 if fitted with sensor valves, must have them working, even if it is a second set of.
