If you would like to purchase one or more of these items, but not all, please send me a message. Approximate costs are now included below. Hello! Thanks for looking. We are selling our beautiful pine bedroom furniture. This 7 piece set comes with a full bed, including frame, footboard and headboard, high quality mattress (in as new condition), two bedside cabinets, large chest of drawers, triple wardrobe with chest of drawers below, mirror unit with drawers underneath and storage chest. This set was purchased by me new and cost over £3000 and the mattress was £400. The wardrobe top half comes apart into panels to leave the lower drawers, making transport easier. The other units do not come apart, but the drawers come out, to less the weight if needed. The craftsmanship of these items is very high. We watched them being made in the local furniture workshop. Every joint is glued and pinned. All drawers have tongue and groove bottoms, not cheap mdf / chipboard / boarding anywhere! The corners of the drawers are dovetail jointed. Everything is solid pine with an antique oak wax finish. This can be easily sanded down and changed if you'd like to change the colour / finish. Everything is excellent quality. We have priced this suite low to sell fast, as we need the space. We're having our entire house gutted and renovated! See below for measurements and details. You will need a van or a large SUV to collect these. I will dismantle the wardrobe and help with getting the items out of the house and in your vehicle. No postage for obvious reasons!
