two-seater sofa for sale (100 GBP)

Location North, South Wirral https://www.freeadsz.co.uk/x-442071-z

One 2-seater sofa for sale. "light golden beige" in colour. This is in excellent condition as it has been in a second sitting room and only occasionally used by two non-smoking adults (no children or pets). It has also had its cushions rotated regularly with a matching sofa to give an even wear so its is still as firm and supportive as its was when it was new. (it is not "soft and squashy" but firm and comfortable). It has three large "scatter back" cushions that can also be reversed to show a complimentary pattern. This sofa can be dressed with other coloured cushions to alter the overall look (see picture) Only selling (reluctantly) because of redecorating in this room so the colour no longer matches the new colour scheme. Will have to be collected and is available for collection immediately as this room is not in use. ;
