Eniola Care is committed to providing our clients and their families the highest quality live in care and support in your home. Our Carer can move into your home to provide Live in Care services to support you in remaining independent while living in the comfort of your own home.

For many of us our home is where love resides and treasured memories created. The thought of leaving a home with so many precious memories is very worrying, particularly when faced with reduced independence and the notion that the residential home is the only solution available.

Whether you just need companionship, support in everyday tasks or you have complex health care needs our 24 hour Live in Care service team can provide a service tailored to your needs. Our 24 hour Live in Care services offers your loved one greater flexibility and personalisation.

Our 24 hour Live in Care service is a one to one service that is provided to suit your loved one's needs. It provides a flexible care service, accommodating your routine and adapting to your changing circumstances. Our 24 Hour Live in Care service gives reassurance and peace of mind to family and friends knowing that they are being professionally cared for in the comfort of their own home. All of our Carers are DBS(CRB) checked.

It is not easy having to share your home and for this reason we make sure that our 24 hour Live Care Carers are fully trained and briefed on your expectations, needs and personal preferences.
