S-Works Venge Vias 58cm built with Sram eTap. I had the Di2 removed when I bought it and actually will be selling that group in a separate auction.  
 Complete with everything pictured including the Dura-Ace pedals. (Seat bag not included)  
 It has a 42cm width bar and a 130mm stem.  
 Mint condition. I rarely get out on the road and it has literally just under 500 miles on it.

Sram eTap charger/usb cable included as well as any other accessories you may want.
