My good condition well looked after Bonneville America is for sale. The bike is in very good condition. It has an alarm fitted as well as chrome rear rack and chain guard. This bike is always kept in the garage and just a superb bike in every way. It has covered 17000 miles from new and has had 2 previous owners. It also has a good service history. It has not been in any accidents and is the black and red model which really suits this.
