I bought this Mondeo estate as a stop gap when my Saab died, I have now purchased another Saab so need to sell the Mondeo.

The car drives very well with no smoke at start up or driving. It has 4 good tyres on 17" alloys with a space saver spare. It is Ghia X spec and all electrics (front and rear windows, sunroof, mirrors, cruise control, climate control, heated front seats and powered drivers seat) work, full leather with 3 full rear seat belts. The car has remote central locking and two keys (one remote and one not). As you would expect on a car of this age there are a few dinks and scrapes. The worst is a scrape on the drivers side rear corner (shown in second to last photo), there is also a small scrape on the front left bumper and the front right fog light lens has a crack. The rear hatch needs re-aligning to make shutting easier. I have removed the towball - to prevent damage when parking in Brighton - this will be refitted before sale. I have no idea if the towbar electrics work.

The car has a full service history upto 04/01/2016 (154589 miles) and the mot is due 14/01/2017. The car is stored on a friends driveway in Brighton, so viewing is be by appointment. lots of car for the.
