

Car interior trimming, vinyl wrapping amp signwriting service.

Location **South West, Hampshire**
<https://www.freeadsz.co.uk/x-456060-z>

RFT Auto offer a full trimming service for all your interior requirements. From production cars, sports cars to classic car interiors in the colour of your choice. We can re trim your headliner, dashboard, door cards and most other interior trim parts, as well as upgrading your cloth seats to leather. One of our machines is a twin needle walking foot industrial sewing machine. This enables us to do decorative top stitching, as well as quilting. Quilted panels are a diamond pattern achieved by stitching diagonally across the panel. Quilting is a great way to add originality and create that 'wow' factor in your car.

Available in a wide range of colours our UK supplier can find the perfect hide for your particular project, however unusual it may be!

As well as leather, we also work with Alcantara. With a suede feel, it is robust enough for seating, whilst keeping that luxurious feel. This is also available in a range of colours. We also offer a full vinyl wrapping and vehicle & business sign writing service. From wing mirrors and roof's, to full colour changes, simple vehicle signs and graphics, digital print and media (sky vans etc) to retail and industry signs and light boxes. Please call us for any advice or for a free no obligation.
