A commuter scooter doesn't have to be boring. And the X-Max isn't. Super functional Monday to Friday. Sporty and fun on the weekend. And the other way round too! There's fun to be had in them there commutes? you just have to look a little harder. But if you do, the X?Max has all the tools. A cracking fuel injected 250cc motor driving through a fully automatic transmission, so you can keep your legs in out the breeze and your smile high above the screen as you zip through city.
