All dogs should now be microchipped as per the law when they reach 8 weeks old. I am fully trained by Peddymark and use both Pet Log and Animal Tracker microchips, I am based in March Cambridgeshire and fully insured to carry out micro chipping at your home or place of work. Micro Chipping at home save's the stress of taking the pet out to the vets and in most cases is cheaper. I also offer microchipping service for both cats and rabbits. I cover the Cambridgeshire area along with Norfolk / Suffolk and Huntingdon. Please inbox me for prices or email click to
