3 year old Dell Inspiron 15R 5521, 15.6in screen Windows 10 laptop. No scratches on the screen, its still in great condition, fully working. It has an Intel Core i5 processor, 6GB RAM, and 750gb HDD. There's four USB ports two of them being USB 3.0, a disk drive, HDMI, Ethernet cable, and SD card ports. It has a AMD Radeon HD 8730M Graphics Card, which is good for playing games. Battery still going strong and comes with the original power cord. Selling as I need a smaller laptop. Will accept £250 but fair offers considered. I'm happy to answer any questions you may have. ;
