It's with great sadness I have to put my 12 year old mare up for sale. Due to me moving house I can no longer keep her. She has done pony club one day events, is fab out hunting, brilliant out hacking alone or in company. She is snaffle mouthed and although keen out hunting always stops and is really good fun!! Would suit small adult or teenager to continue having fun. I believe she would suit a hunting home as she really loves it. Please contact me for details and no
