Modern P Shape Curved Clear Hinged Reversible Glass Bath Shower Screen With Towel Rail.

Chrome finish. 6mm tempered glass, this is quite heavy.

Reversible - suitable for left hand and right hand 'P' shaped baths

Hinged for easy access, storage and cleaning

very clean condition. can deliver for extra.

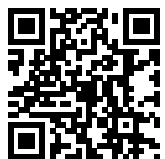

Nothing really negative to say about it, if i was being picky then as you can see on one of the pictures theres a little bit peeled of the very bottom but cant see it once it slots into the holder, other than that i would say great condition.

you will need new screws etc when fixing to the wall just standard nothing special, the ones that come out with it i just threw in the bin.

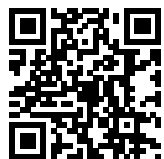

The seal at the bottom is clean and nothing wrong with it but if you wanted to you can get a new one on ebay for £3 in different.
