Finding time to unwind and look after yourself is probably the last thing on your mind. But looking and feeling good has never been more important. You can now get the treatments you want without the embarrassment of visiting a busy unisex salon.

I am a fully qualified and insured female therapist offering a comprehensive range of male grooming treatments, including head to toe body and intimate waxing, as well as full body clipping (trimming). I also provide a variety of relaxing holistic massage treatments including Swedish and aromatherapy massage.

All treatments are carried out from a relaxing therapy room which has been designed to create a comfortable and relaxing retreat where you can switch off and unwind. I aim to provide a personalized experience that will leave you feeling refreshed and rejuvenated whether you choose to have a waxing treatment or relaxing massage.

All of my waxing treatments are carried out using top quality products and up-to-date techniques. I never double dip, so you can be assured of a safe and hygienic experience. The treatments I provide include:

- Male full body waxing
- Back waxing
- leg waxing
- Chest waxing
- Male Intimate waxing
