Charlie is now for sale. Hes being wasted in the field now as sadly he has no rider anymore! Charlie is 9 years old, hes roughly 16.2 hands! Charlie is a super all rounder he loves his cross country and jumping he also goes nicely on the flat too. He has been known to hump not nastily but this is when your first getting on him but with work and dedication this stops! Charlie is happy to live in or out! Charlie has a blemish lump on the right side of his lower jaw this was due to an abscess crystalizing! He has been thoroughly checked by the vet for this, it does not cause him any pain or discomfort what so ever. Charlie also has no shoes. Sadly now Charlie just exists in the field although he will be sadly missed I cannot keep him as a pet anymore it's not fair on him! He has so much potential and so much to give with work and dedication! All information is completely honest and the truth about Charlie, I just want him to go to a home where he will be loved and enjoyed as much as we
