Location **South East, Kent**

Pine Triple Wardrobe. Three doors. This would do someone who needs some storage a great deed. (Obviously the items inside in the photos are NOT included - Haha) Size = 70 1/2 inches tall

42 1/2 inches wide

21 inched deep You will obviously need a big vehicle to transport this item (A seven seater type car might be sufficient) I have two of these - One of them had a slight fix to the rear to make it more sturdy - Not sure if that was this one of the other one at moment. You will need at least two people to move this as I am unable to help unfortunately. Unless you want to dismantle it. Please check the size will fit in to your vehicle,
