Want to learn bass? - I start with a FREE 30 minute consultation lesson to assess the student's ability and tailor the lessons to what they want to get from their playing. -

I also drive with a portable set up, so I can come to you.

I am a friendly professional bassist with nine years of experience. I am a regular performing musician in function bands, and original bands with a BA (Hons) in Professional Musicianship from Sussex University. I have experience in teaching private lessons from beginners through to intermediate and have worked with band workshops in and around Brighton.
