Columbine is the second piece in The Masquerade Trilogy. Columbine was available during 2000. Designed by Gabriele Stamey, Columbine is 171mm (6 3/4") tall and is made from clear, frosted and coloured crystal. Columbine has been on display in a display cabinet and is in very good condition (as new). Columbine comes with a display stand. The Display Stand did not come with Columbine when She was bought and I had to buy the stand separate, price of which is now £40.00. I have seen the Columbine in an Antique shop in York selling for £195 without the.
