Foxwell NT630 Pro ABS SAS Airbag amp Airbag Crash Data Reset with Live Data Activationamp Coding
 Includes all the latest 2015-2020 models with both ABS and Airbag. The device supports a wide range of vehicles, including SUVs, light-duty trucks, and commercial vans. It features a large, high-resolution color display with a user-friendly interface. The scanner provides live data streaming and graphical displays for easy and intuitive diagnosis. It performs bi-directional control tests, such as ABS motor test, actuator test, and more. It also supports all 10 OEM test modes, such as active data, sensor test, and more. The enhanced OBD II Mode 6 functionality code reader provides faster and easier diagnosis. It offers multilingual menu options and code definitions. It is compatible for data backup and software update. Foxwell NT630 Special Functions: ABS Manual Control Tests - allows to manually control the actuators in order to test ABS motors, solenoids, and bleedable relays, EMBS, and more. ABS Motor Test - allows to manually control the ABS pump motor.
