

Fender Stratocaster USA, Vintage special edition (1,199 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-486926-z>

This is my Fender stratocaster, 37 years old, made in USA, in immaculate condition for the age, perfect octave intonation, fantastic sound ! As I am retired from music business I have to say goodbye, hope it will go to somebody who knows how to get the best out of it! I sale this guitar to a reasonable open offer of the actual market state price, Good!
