

JVC - DLA-RS67U Reference Series 3D Home Cinema Projector (1,550 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-489926-z>

The DLA-RS67 is JVC's top-of-the-line D-ILA home theater projector for 2014. Native contrast ratio has been increased to 150,000:1 thanks to new D-ILA devices, new wire grid polarizer and a new "Clear Black" technology. Now with an Intelligent Lens Aperture, the dynamic contrast is a breathtaking 1.5 million to 1, the industry's highest. Images are projected with 4K precision thanks to JVC's upgraded "e-shift3" technology which now accepts native 4K input signals. This translates to the most dramatic master-quality images ever produced on a JVC projector. Find full description on our website: discount24
