If you are having a family party why not revive old memories and have a slide show?

The Pradovit is in perfect working order having had little use as no obvious signs of real use. It has the 90/2.5 Colorplan lens which has no equal for quality. There are a number of slide magazines in boxes and also a tripod screen. In fact everything you need. The projector also comes with protective cover so easy to carry.

There are also 40 magazines each holding 50 slides in 4 special carriers. Cash on collection. near J1.
