

Stunning Morganite and Diamond 14 carat Rose Gold Ring (500 GBP)

Location **East of England, Bedfordshire**

This is a brand new absolutely mint condition morganite and diamond 14 carat rose gold ring. With a full one carat morganite flanked by four smaller diamonds this ring is sure to suit anyone as an engagement ring or bring impressive class to any outfit. It is a truly stunning ring, and the beauty of the morganite is enhanced by the rose gold and the accent diamonds. Never worn other than to try on, it is immaculate and has no scratches, flaws, or marks whatsoever. Size N (EU 54 / US 7). The reason for sale is that it was briefly lost by the supplying jeweller's couriers and was not delivered in time for an engagement celebration, and as such a different ring was used, and so this one is now available. The original cost was over £1,000 but I am simply looking to recoup some of this, hence the sale at less than half the price. A copy of the receipt is available if required for insurance or valuation purposes. Given its value I would prefer to make the sale on a face-to-face basis, however if you are happy to pay for an insured courier following payment I can liaise with you about that. Many thanks for.
