Hi we are Gleam Team Cleaning Solutions based in Wolverhampton and surrounding areas. We professionally clean upholstery and carpets and end of tenancy cleans, along with one off deep cleans. We also offer garden services. We could quote you on all that you require. Our professional carpet clean consists of a minimum 5 stage process, thorough vacuum with professional equipment (importantly removes 80% of dry dirt), pre-spray with eco-friendly chemicals, mechanical agitation, hot water extraction and pile set. If your cleaner doesn't offer you this they will not be cleaned correctly We are not a cheap splash and dash outfit, you will get companies offering you low prices (£10-15 a room), however they will not remove all of the dirt and carpets will soon re-soil and need cleaning sooner costing the customer more in the long run. Your carpets will be thoroughly cleaned and look great. Upholstery is cleaned with the latest equipment. We can also stain guard your items if required.
