JET-A-WASH A new drive, driveway, patio or path is a major improvement to any home and will add an instant 'wow factor'. The ravages of time and pollution can leave these external areas of your home looking old and tired. We will restore your block paved, tarmac, flag stones, slabs or concrete drive, driveway, paths or patio to look like new by pressure washing. We have provided a professional cleaning service Along with a very powerful jet wash they can remove the most stubborn grime from any surface. These machines are designed to restore hard external surfaces by pressure washing. Block paving, flag stones, slabs and concrete looks like new when pressure washed, even tarmac areas are revived. A dirty driveway, path or patio affects the overall look of your home or business, and can become slippery from algae and moss growth. Often all it needs is pressure washing (jet wash) to return it to as good as new. We do not use any chemicals, just mains water. JET-A-WASH provide a satisfaction guaranteed driveway cleaning service, plus re-sanding and sealing if required. Also a patio, path or any hard surface cleaning service.
