

Buffalo Polishing machine 2 head (125 GBP)

Location **South West, Wiltshire**
<https://www.freeadsz.co.uk/x-498743-z>

Buffalo twin head polishing machine 3 phase.
 selling as no longer used and different plug in new unit. Ive known this machine for nearly 40 years and not had a problem. currently fitted with polishing mop and 6" scotchbrite wheel.
 I used it for polishing motorcycle and classic car parts, its fairly heavy so will need van or trailer to take away. The scotchbrite wheels rrp are around £80 this one has not had much use. there is fittings for catching the dust and there is a length of pipe but has seen better days. If I get the asking price I will throw in another new scotchbrite.
