

Superb example of an amazing car with LOW mileage. Priced for a quick sale. Other TTS's with similar age and mileage etc are selling for £15k+. This car is high spec on top of the already high spec as standard on the TTS. Car has low mileage for its age and is in excellent condition throughout. It has always been filled with Shell V Power fuel with occasional BP Ultimate. The car has been cherished and well looked after. Cambelt and water pump have been changed. Full service history, mostly at Audi centres. MOT due 27th August 2017. The car has not had a single issue while I've owned it. It was bought from Audi Eastbourne and has always run like a dream. Is mechanically sound. It has not been modified in any way or used on a track. Standard Spec Includes:

- Magnetic ride sports suspension.
- Adaptive Xenon lights with LED daytime running lights.
- Multi-function steering wheel.
- Heated front seats.
- TTS Sports exhaust.
- TTS brakes and callipers.
- Full black nappa leather seats.
- Auto lights and wipers.
- TTS K04 turbo.
- Coming home and leaving lights.
- Rear parking sensors.
- TTS styling.
