Hafflinger for sale would consider loan. Nickolas has recently come over from Austria where he has had the same owner for many years. He is 22 years old but due to the care he has had is still very active and healthy. Nicko has a very good personality loves fuss and attention and is sociable with other horses. He enjoys being ridden and in the past has done western riding, dressage, hacking and a bit of jumping. And seems happiest when doing something. Has been used for lessons. He is up to date with vaccinations and does not need shoes as farrier says he has excellent feet. He is a 14.2 gelding so can cope with adults and children. Comes with English tack and rugs. Nice looking horse with long mane and tail would be suitable for showing. Seeking 5\* home where he will get the attention he deserves although it will be sad to see him leave the yard as he is much loved by every-one. Please feel free to ring for any more.
