Fully working. Nearly new Xbox one 500GB with warranty and the Game Care additional warranty which covers accidental damage (approx 18 months left on it, we have the receipt to give you on purchase so you can use it if you need to) comes with controller and power cable. Also comes with 5 games (see pictures). Near mint condition apart from a few light surface scratches on the top of the Xbox which is normally for its age and the fact that it has a gloss finish. Selling due to upgrading to the Xbox one.
