

Sony a6000 Digital Camera w 16-50mm amp 55-210mm Lenses (410 GBP)

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-500537-z>

I am selling my Black Sony a6000 24.3 MP Digital Camera. It comes in a 'kit' with 16-50mm & 55-210mm lenses. The reason for sale is that I am going to buy a full frame DSLR camera. It's only 6 months old and has the balance of the 2 year Sony Warranty remaining My camera has been lightly used (it's taken less than 7500 shots), is in excellent condition and is 'like new'. It was mostly used indoors in a controlled studio setting and was rarely taken outside. It has always been stored and transported while properly covered and protected with care. Both lenses are in perfect condition with no scratches, dust build up or fungus etc. The kit box includes a camera bag, all lens caps, a strap, 2 batteries, 2 chargers, a USB cable and the original packaging and documentation. It's priced to sell quickly and is available for collection or I can have it delivered within the UK at no extra cost, (insured 'signed for' delivery). I have tried to be comprehensive in the description but any further questions are welcomed and will be answered promptly. Serious buyers only please, thanks. ;
