Tanglewood Premier Series TW145/12 SS CE guitar as new. Solid AA grade spruce top with mahogany back and sides. This is the latest model with B Band A1.2 EQ housed just inside the soundhole. This is a beautiful instrument with a low string action making it a joy to play. It is in pristine condition having hardly been played since new. It has very good sound projection with a lovely tone. I have recently acquired its cedar top equivalent so I have no need of this guitar which usually sells for around £560. So grab yourself a bargain while you!
