

Upright piano free to a good home

Location **East of England, Hertfordshire**
<https://www.freeadsz.co.uk/x-505853-z>

Upright piano, regularly tuned for the last few years, plays reasonably well, but due to neglect before I got it, it sits at about 1/4 tone below concert pitch. Fine for a first piano, for lower grades or just playing for fun. Collection from Berkhamsted. It has an iron frame and so is!
