Based in Birmingham, we have been established for many years. Our business expertise is second to none, and we have helped countless people throughout the area. As a small, friendly, SSAIB Approved company, we offer expertise in all forms of electronic security. We can install and monitor CCTV systems. By providing regular maintenance and dealing with any repairs promptly, we ensure that your property is always secured.

All types of intruder alarm systems can be installed, from the simplest 'bell' only alarm, to the most sophisticated alarm monitoring system. Worried about fire and smoke alarms? We can help. We can install systems which will solve your problems. For extra safeguards, we can provide fire extinguishers for emergency use, keeping them maintained and in full working order.

Best of all, we will come out to your business or your home and do a full site survey, assessing your security needs or your fire risks. Whatever your concerns and worries, we can deal with them and provide full advice and recommendations on the measures you should take to improve security. It is a survey that will not cost you anything – it is totally free. We want to make your home and business safe and secure so that intruders will be deterred from entering, or captured quickly. We know how distressing it is to have your home, your property invaded by burglars. We know too, how much it takes out of your business and your time trying to deal with all the problems such intrusions create.

By taking action quickly and efficiently to carry out site surveys, make recommendations and act on them immediately, we can ensure that all your concerns are minimised. Your home and your business become safer places for your family and your.
